

An Outstanding Curriculum

1. Is underpinned by aims, values and purpose.
2. Develops the whole person - knowledge, skills, understanding and attitudes.
3. Is broad, balanced and has clear progression in subject knowledge and skills.
4. Is filled with rich first-hand purposeful experiences.
5. Is flexible and responsive to individual needs and interests.
6. Embeds the principle of sustainability.
7. Has an eye on the future and the needs of future citizens.
8. Encourages the use of environments and expertise beyond the classroom.
9. Makes meaningful links between areas of knowledge across the curriculum and the major issues of our time.
10. Has a local, national and international dimension.

Our “**Curriculum Promise**” aims to provide rich firsthand experiences, encourage the use of environments and expertise beyond the classroom and works towards a local, national and aspiring to an international level through enhancements that are here, near and far away from school.

We want to be more than ourselves. We want to see with other eyes, to imagine with other imaginations, to feel with other hearts as well as with our own, we demand windows.

CS Lewis

Our Promise to you – all these windows will be opened to you on your journey through Trinity.
