

I am a Thoughtful Citizen!

I can see different points of view.

I am aware of news and issues in other countries.

I have an awareness of my place in the local community and what I can do to help.

I show an interest in supporting charities

I know and value my own culture and the culture of others around me.

I am curious about the world around me and want to find out more.

I know I am responsible for my own actions.

I understand the need to treat everyone fairly.
