Dear Parents and Carers,

Over the next three weeks, pupils across the school will be taking part in an exciting project exploring **Protected Characteristics**. This work will culminate in an exhibition titled:

“How Have People Fought for Civil Rights in Britain?”

You are warmly invited to attend this exhibition, where pupils will showcase their learning through creative work and presentations.

Why are we doing this?

The **National Curriculum** states that pupils should develop an awareness of equality and diversity, including understanding **Protected Characteristics**. This project will be taught in an **age-appropriate way**, ensuring that all content is suitable for your child’s stage of learning.

Our approach is fully in line with:

- The **National Curriculum** requirements for PSHE and History.
- The **Church of England’s “Valuing All God’s Children”** guidance, which promotes respect and inclusion for all.

What will pupils learn?

Each year group will focus on a different historical event or theme linked to civil rights in Britain, such as the Suffragettes, the Bristol Bus Boycott, Pride and Section 28, and the Grunwick Strike. Through this, pupils will learn about fairness, equality, and how people have worked together to make positive changes in society.

Information Session

If you have any questions or concerns, or would like further information about the project, you are invited to attend an **information session with Mr Verma, our Curriculum Lead**. This will be an opportunity to discuss the project in more detail and answer any questions you may have.

Date and Time: Friday 21st November 2025 at 3.15pm

Location: Year 6 classroom

Thank you for your continued support in helping us provide a curriculum that celebrates diversity and promotes equality.

Kind regards,

Vinay Verma

Year 6 Teacher and Curriculum Lead
