

KEY STRATEGIC PRIORITIES FOR THE NEXT 3 YEARS

(2022-2025)

In order to strengthen our teaching practice so that it is outstanding, we will:

- Develop and refine our ACT curriculum, encouraging children to work towards being more Active in their learning, having a more Contented Soul and becoming more Thoughtful Citizens of our community and the wider world
- Be recognised for our excellent provision that is enhanced through the extra-curricular opportunities we offer such as cooking, sport, ICT and gardening
- Establish ourselves as the school of choice in the local area
- Accelerate our progress so that our children fully recover from the Pandemic and are ready for their next stage of learning

We will engage in relationships that enable our school to flourish by:

- Growing our learning partnerships with parents and carers;
- Growing our partnership with the Church and wider community;
- Developing opportunities to partner with other schools both locally and further afield

Staff and governors will grow as educators and leaders by:

- Having increased opportunities to realise their potential through high quality professional development
- Encouraging and supporting the growth of all staff as middle and senior leaders
- Developing a succession plan to increase the skills and expertise of governors and staff
- Collaborating and communicating well so that we grow together through well planned activities that recognise our strengths and develop us as a high-quality provision
