

## School Improvement Plan (SIMP) Strategic Priorities 2023 – 2026

To ensure a sustainable and secure future for the school.

*Together we grow into a strong, grounded tree extending its branches to others to provide a place of safety and learning.*

We believe that there is no ceiling to what a child can achieve. All children deserve the opportunity to GROW into the very best version of themselves and our ambition is to support all children in our school to achieve this. "The kingdom of heaven is like a mustard seed, which is the smallest of all seeds on earth. Yet when planted, it grows and becomes the largest of all garden plants, with such big branches that the birds can perch in its shade. Matthew 13: 31-32 In the Bible, the Mustard Seed is often seen as a symbol of faith. Growing Together' into the very best versions of ourselves is our vision, underpinned by the Parable of the Mustard Seed. Children and adults are like the mustard seed as they join our community. Together we grow into a strong, grounded tree extending its branches to others to provide a place of safety and learning. We can all GROW to be GREAT in God's love 'When children start our school, they are like the tiny mustard seed and as they move along their learning journey, we work hard to provide them with every opportunity to flourish and grow into the very best versions of themselves ready for the next stage of their learning journey.

To ensure that the Christian vision enables pupils and adults to flourish.

*All children deserve the opportunity to GROW into the very best version of themselves and our ambition is to support all children in our school to achieve this.*

To narrow the gap in attainment and progress between, SEND and Non SEND pupils.

*All children deserve the opportunity to GROW into the very best version of themselves and our ambition is to support all children in our school to achieve this.*

Provide solid foundations for learning in EYFS and Y1..

*When children start our school, they are like the tiny mustard seed and as they move along their learning journey, we work hard to provide them with every opportunity to flourish and grow into the very best versions of themselves ready for the next stage of their learning journey.*

To ensure the curriculum offer meets the needs of all pupils.

*All children deserve the opportunity to GROW into the very best version of themselves and our ambition is to support all children in our school to achieve this.*
